

On September 11th, 1926. Interviewed Maxmillian Fishher, who informed me that he had not seen the party from whom he was to get his information, but as soon as this happens he will either call me up at the house or at the office and let me have same.

Notified by Mr. Palzer to be at his office. He instructed me to look up one Mrs. Williamson who was secretary to the housekeeper, at the Ansonia Hotel in 1925. The information is that in the latter part of the year 1925 she was employed at the Commodore Hotel. Further that she was very friendly with a Mrs. Clara B. Lapham, who might be able to give me her present address.

Proceeded to the Commodore Hotel but was unable to get any information concerning her.

At Mr. Palzer's request searched my old records for the purpose of giving him all data that I had concerning Gorsaline. Also gave him a verbal report of my investigation in Saratoga and Albany.
